

# God gave me evidence!

Life

My name is Ashwini. I am from Hindu Viswa Brahmin family. I am from a middle class family. We are 4 children and are educated. We were searching for job.

One of my neighbour told us about Jesus Christ and asked us to pray for job. We did that. We got the jobs. In my work place one of my colleagues named Ranjith invited me to Revival Fellowship Church. I heard Gospel by brother Vijay saying "In Bible John 3 verse 5 says, we need to receive Holy Spirit with the evidence of speaking in tongues and get baptized in water to enter into Kingdom of God." But I said "No" because I can't go against my Father as he is a Hindu. I asked brother Vijay to pray for my Dad. In 2 years of time my Dad started going to a near-by church (without Holy Spirit).

Then I thought it is right time to take a step towards God. I joined this Revival Fellowship Church. I got baptized in water but didn't receive Holy Spirit due to lack of faith. I got a new job, then but within 3 months of time I lost my job. I was completely upset.

My whole family was worried about me. They said don't go to that church - something is wrong. I asked Lord if receiving Holy Spirit with the evidence of speaking in tongues is correct then let it rain. I wanted evidence from the Lord.

So I asked God, this is month May (summer). It is 44 degree centigrade in India. It will never rain in India in this month. So if I have to receive Holy Spirit then let it rain. IT RAINED FOR 10 MINUTES. That is answer from God, so I kept coming to this church and God blessed me to work as a freelance software trainer. Since then I have received Holy Spirit with the evidence of speaking in tongues in 2013 December. Now I earn more than the normal job. I lack nothing.

After looking at my testimonial my elder sister and brother-in-law came to Lord.
