

Raised from the dead

Life

Jordan Fumbelo, Zambezi, Zambia

The name of this child is Jordan Fumbelo, a son of sister Miniva and Patrick Fumbelo our leader for the Revival Fellowship Zambia, in charge of assemblies in the three districts namely Chavuma, Zambezi and Kabombu of the North Western province of Zambia

At the age of one year and seven months Jordan was in the team of his brothers and sisters that walked along the flooded stream. While they were busy playing he disappeared. His brothers looked for him but their search proved futile. 90 minutes later passers-by found Jordan already drowned in the deep water. The Good Samaritan informed Joel the eldest brother, who promptly dived into the stream to retrieve the body of his dead brother.

He immediately rushed the corpse to their mother sister Miniva. She was not shaken by the situation, but she prayed and challenged God by His promise of healing the sick and raising the dead in the name of Jesus. After an hour of prayer the child came back to life.

Now Jordan is two and half years old. You can see him standing in front of the damaged bridge where he got drowned during the flood.

The family thanked God for the miracle.
