

Chronic headaches, stomach pain

Life

Brother Kaputula Salan, Chitungu, Zambia

I was brought up in a family that had no regard for God.

I had been to various Pentecostal churches but there was no difference in my life between being a Christian and not being one.

The Zambian leaders of the Revival Fellowship preached to me about the basic salvation message. I accepted and was baptized by full immersion and received the Holy Spirit and spoke in other tongues.

I was healed of chronic headaches and severe stomach pains.

From the time I was filled with the Spirit I prayed for my family members whenever they were sick and God healed them also instantly.

I am thankful to God for performing many miracles in my life. I now know that there is not any other God and I glorify Him.
