

# Hormone disorder

Life

Hanna - Kupang, West Timor, Indonesia

I was told that to be a Christian I had to be born again of water and of the Spirit. So I was baptized by full immersion and received the Holy Spirit with the evidence of speaking in tongues.

When I was in China for my studies, I had hormone disorder. The doctor diagnosed me with cancer. But I believed and had faith in God, so I prayed fervently for one week. After that, I had a medical check up and I found that I was healed without any operation. Jesus Christ is a living, loving and healing God!
