

Prolonged pain, swollen legs

Life

Pastor Fordson Katoka, Kabombu, Zambia

I was born in 1961 and my parents never liked to go to any church, hence I also followed their way of life.

I started school at an age of 12. While at school I joined other groups and became an alcoholic and smoker of marijuana. I was very rude to teachers and my parents; hence I could not complete my education.

I later became a member of some Pentecostal church but there was no change in my life. I continued drinking alcohol with the leaders and members of the church.

I thank God I was invited in August 2004 to a first Revival Fellowship meeting in the city of Kitwe. Pastors' Brian Allen and Ron Carslake preached to us about the basic salvation message. I was baptized on the 14th of August 2004 and I received the Holy Ghost with the evidence of speaking in tongues.

God has healed me of prolonged body pains, swelling of legs and severe colds. My health is now fine and I am now able to work any type of manual work.

I thank God for healing me and filling me with the Holy Ghost
