

Healing, provision, protection

Life

My wife was brought up in the Revival Fellowship and I received the Holy Spirit, speaking in tongues, and was baptised in 1989. Prior to that I had limited movement caused by an injury to my bones above my hip when I was playing rugby. When I was born again I was a totally new man and I could run and play rugby again.

In 1999 our eldest daughter was 2 years old and suffered from a hole in the heart. As I was not fellowshipping at that time I worried a lot about my sick daughter and about having no money.

Then my second daughter as a baby was saved from a drowning accident. These were turning points that actually happened for a reason, for me to humble myself and strengthen my relationship with Christ and to return to the Lord.

When I took that step and we fellowshipped as a family our daughter was instantly healed. Everything was just changed by GOD. The Lord has blessed us with six children and with healings, provision and protection.

My eldest son was kidnapped from our family home in 2007, on a Saturday outreach afternoon. An unknown person, who pretended to be in a family car, offered him an ice cream from McDonalds. The pastor told me that the LORD knows. It was easy to say that but as a family, losing one child was like losing the whole six children. My wife was crying all night except when she fell asleep. We went through a terrible 2 days experience. We continued praying in tongues and felt the comfort of GOD helping us not to lose HOPE. We praise the Lord that our son was found on the Monday morning with no injuries.

My youngest child suffered from viral infections for a few days and he went into a seizure, biting his tongue, rolling his eyes and shaking. When we laid hands on him and prayed in tongues his whole body returned to normal.

Praise the Lord for His healings, provision and protection hallelujah. Amen
