

TB in lungs

Life

Brother Andrew Namaka, Vanuatu

In 2010 my X-ray photo showed I had TB on my lung; I was very sick and couldn't walk. I saw a very good witch doctor but the sickness stayed. I was baptised and received the Holy Spirit and I felt well again. I knew God had healed me. In 2011 I had another X-ray - the doctor said it was "all clear". Praise the Lord.
