

# Full blown AIDS all gone

Life

Pastor John Ainga, Mendi, PNG

I had full blown HIV/AIDS and was very weak with many sicknesses, including scabies for 3 years and a heavy cough. I lost about 30kg of weight. On 25th March 2005 I got baptised, received the Holy Spirit and spoke in tongues. In 3 days the scabs dried, no cough, my weight and strength all came back again, I was totally healed.
