

# When I was Spirit filled..

I was drug addicted, alcohol, I do a lot of bad things, but I listened to the Word of God. I got baptised, and received the Holy Spirit in January 2001.

I saw many, many things that God has done in my life. I see many miracles and blessings. I'm really happy. I prayed for sick people, I laid hands on them, and they recovered. **Brother Aloise Lopi · Lae, PNG**
