

Her blindness was healed

Life

18th National Rally at Unagi Oval in Port Moresby, PNG

This lady was totally blind. She wanted to be baptised and expected that God would fill her with the Holy Spirit and heal her blindness. God answered her prayers and she was instantly healed! It was SO exciting yet terrifying for her. She suddenly saw such an incredibly bright light and many hundred's of people's amazed and smiling faces all around her cheering and singing praises to God!!
