

My whole life was shattered!

Life

Sr Grace's licence renewal photo, before Feb 2012

Sr Grace now, completely healed by God

Hi, I'm Sr Grace Kisiu from Kavieng in the New Ireland of Province of Papua New Guinea. I was enjoying life, being single and a working mum to my four children, Life was really good. I was the mother and the boss and I could do whatever I wanted. Parties and alcohol were a big part of my life.

Then it just happened that one day I noticed a few boils on my body that didn't go away and sometime later I started coughing too. I told myself, it would come and go and the thought of seeing a doctor was not necessary. Then again after a few weeks, I was coughing heavily and spitting blood and the boils were swelling all over my body. I was losing a lot of weight in a short period of time, from 115 to 65 kilos, and I knew something was terribly wrong.

My friends and relatives urged me to see a doctor, but I refused because I was too scared to know the truth. By this time, I was very sick and bed-ridden for weeks and couldn't go to work nor look after my children anymore. I left the kids to fend for themselves because I didn't have the strength. Eventually, I went to see a doctor and took a blood test and the truth I heard that day was my worst nightmare. "Grace your blood has tested HIV positive." I couldn't believe it so I went back home and prayed to God that it would go away. The next day I took another test and I was still HIV positive. I was so embarrassed, very sad and confused knowing that a lot of people knew me. My whole life was shattered and I knew I was going to die.

Then one day I heard this wonderful message about God still performing miracles today and the message of salvation to repent, baptise and received the Holy Spirit. I wanted the Lord to heal me. So on this day I will never forget. Feb 5th 2012, I repented, got baptised by full emersion, and received the Holy Spirit. I felt my whole world changed and I knew I was in the right place at the right time. I was engulfed by this love, joy and peace that only God can give.

I praise and thank God every day. I felt better every day and after three weeks, the Lord completely healed me and the sores and boils on my body dried up. For me, God had miraculously healed me, given me a new life that came with His blessings, promises and a job. I gained weight again and I am over my normal weight.

I have a big task ahead of me to spread the Word of God to change lives of so many people to support the ministry for the kingdom of God to grow.
