

Landlord situation fixed!

Life

Sister Nancy Kilala - PNG

I repented and got baptized in 2003. I received the Holy Spirit and spoke in tongues. I would like to praise the Lord for setting me free from the bondage of sin.

I was partying, drinking, smoking, and gambling. I met my husband; he was a gambler too. We had a child. All our money went on gambling so that was the kind of life we were living.

One time my husband's friend invited us to a Revival Fellowship meeting and my husband got baptized. When I was baptized I had a lot of things going through my mind so I didn't receive the Holy Spirit.

The amazing thing was the next morning I was a new person. My life changed. The desire for partying, gambling and drinking left me, I didn't join my friends, I was a new person. I continued going to Revival Fellowship meetings on Sunday and mid-week for 10 months but I hadn't received the Holy Spirit.

One day there was a problem with my landlord so I packed up all my stuff. I went to work and I went to the rest room and I prayed and I prayed. All of a sudden I spoke in tongues. I was so happy. My phone rang and it was the landlord and the situation was fixed. That was on the same day I spoke in tongues. I was so happy and I am so blessed to be saved!
