

## NEVER A BRIGHT STUDENT - NOW I'M AT THE TOP OF THE CLASS

**My name is Jayleen Wembri and I come from Papua New Guinea in the Western Highlands, Mt Hagen assembly.**

I've been Spirit filled since 2008 when I was in grade 6. I was 12 years old.

I've seen that life in the Lord is a lot easier than life outside of the Lord.

When I was not Spirit filled yet, I used to have trouble with my education.

I was never a bright student. My Mum and Dad used to really tell me that "You have to do well in school" but then I tried all my best and I couldn't do that.

Then when I got baptised and when I received the Holy Spirit everything was easy for me and now I'm at the top of the class. I always get awards at the end of the year.

I always thank God for that.
