

God changed my life

Life

Sister Alberta Kakori - Port Moresby, PNG

I would like to thank the Heavenly Father for taking me out of the bondage of sin and putting me in His Church so my life could change.

My testimony goes like this. I was once a church goer. I went to many churches in this country. I was brought up in Sunday school then I thought life was in marriage. I got married but that doesn't stop me from searching for God to worship Him in Spirit and in truth.

When my marriage had problems I thought I would go back to God and He will listen to my prayer, answer my cry and bring my husband back but He did not because I was not worshipping Him the way He wants. I was worshipping in the way the men of this world wants, that's why He cannot even bother to come listen to or answer my prayer until I came to know there is a way out.

I repented, got baptized and received the Spirit of God on 9 April 2000 and the Spirit of God has wonderfully changed my life!
