

MY SICKNESS WENT AWAY AND I GET HEALED!

My name is Brother Frank. I'm from Lae, Morobe Province.

My life testimony; I was not a good person.

I repent, baptised, received the Holy Spirit speaking in tongues, on date 20th November 2005, with Bible evidence that tells me in Mark 16:17, 1 Corinthians 14:2.

I was a very sick person at that time; 10 years I was in the sick bed. I was 'dead' four times, laying in a house.

A Spiritual brother came and visited me and said me this message, "Repent and be baptised. You will be healed."

At that time when I got baptised I received the Holy Spirit my old life changed, my sickness went away and I get healed.

I enjoy my salvation and in the Revival Fellowship.

Thank you. God bless.
