Well this is just one of many miracles that the Lord has performed through the power of His Spirit. I just heard about Sister Christine and always prayed that one day I could meet her, and praise the Lord, God answered my prayers.

I went for the Lihir Christmas Camp, New Ireland Province in 2010 and met her so I took a picture of her. I feel obliged to God for what He has done for me so I want to share the wonderful and powerful God of Abraham, Isaac and Jacob, whom I received through His Spirit, to all the saints right around the world. God is real and powerful, for what seems impossible to man, is possible with God. That's all and God Bless to you, my spiritual family members. I pray that the Lord will continue to be with us and strengthen us spiritually as we wait for the second and final coming of our Lord, Jesus Christ.

Sister Abigail, Kavieng, PNG

Sister Christine from Kavieng Assembly, Revival Fellowship of Papua New Guinea shares her remarkable miracle testimony with Sister Abigail that the God of Abraham, Isaac and Jacob performed in her life.

After hearing and responding to the simple salvation message of repenting from her sins, get baptized by full immersion and receiving the Holy Spirit (which was God's promise to all mankind) as supported by scriptures like John 3:3-5 and Acts 2:38, she experienced the power of God and how mighty He is.

She was just a new Spirit-filled sister in the Lord and at the time, both of her hands were paralysed when this happened. When in a speed boat travelling back to her island from the main land of New Ireland Province, a strong fierce wind came blowing against the boat she was in, accompanied by waves gushing onto the boat, it capsized in the middle of the ocean.

At that time, she could see that all the other passengers that were travelling with her were helplessly drowning with all their possessions sinking to the bottom of the ocean floor. She was left alive with a young lady. The Holy Spirit that she had received caused her to have huge faith in God so she had total peace and told the young lady that the Lord will keep them alive and bring them safely ashore on the main land. She sang three choruses and one of them was the True Bread of Life. She spoke in tongues and when she did that, she could feel her feet standing steadily on a huge stone in the water, which caused her to float all these three days and nights when she was out in the sea with the young lady by her side.
