

God always answers my prayers

Life

My name is Henry Ningo. I am from East New Britain. I was baptised 17 November 2003.

The Principal Pastor Godfrey Wippon witnessed to me from Wewak. He rang me and prayed with me and started saying “Praise the Lord” and I was surprised that my tongue changed into a strange language. He rang again to look for me so that I could complete the process by being baptised, so I could get out and witness to people in my small community, which I did.

I started talking to a lot of people about God and seeing a lot of miracles because of the Spirit that I have in my life (1 Cor 14:2). I am talking direct to God. Because of the Spirit that I have God continues to hear my prayer and He always answers my prayer.

I used to be a drunkard and a womaniser. Being a political leader I was always leading a political leader’s life. I came out of the leadership roles that I had, and I gave up chewing betel nut and all the other habits and behaviours that I had in the old ways.

I am now enjoying my salvation. I speak nicely to my wife and my two children. I always tell people I will never return to my old life because I have the Spirit of God in my life. I wasted years going to another church but now I have the Spirit of God in my life. I can do anything when I consult with God and that is manifested in my life. My wife and family are happy.

My daughter went to university in Melbourne. She was the one who encouraged me to find a spiritual church and now I am in a spiritual church. When she came back from Australia I told her to follow me so she got baptised. She is Spirit filled. She’s a Psychologist. She will be going back in 2018 to do her PhD. I am working very hard with my son for him to come and I am praying to God for him that when I return to Rabaul he will get baptised and Spirit filled so then our complete family will be Spirit filled.

Brother Henry Ningo - Rabaul, PNG
